## FATE OF MUNICIPAL BUILDING PROJECT TO BE DECIDED TONIGHT

Bids for Purchase of Two  
Properties Now Owned by  
Borough to be Presented

### HAVE IMPORTANT BEARING

If Properties Are Sold Then Erection of New Structure May be Possible—Paving Contracts May Be Awarded.

The fate of the municipal building idea in Charleroi may be decided tonight, when council is to meet in regular session, since this is the night when possible purchasers of the two borough buildings and lots are to present their bids. So far no bids have been received by Borough Clerk Ira L. Nickerson. The point is that if the two buildings are not sold, it is hardly likely there will be any municipal building erected at this time on the site recently acquired at the corner of Fallowfield avenue and Third street.

The proposed sale of the borough properties is only one of the important matters of business to come up. In addition, paving contracts are to be awarded.

Meadow avenue, First street and Eighth streets are the streets to be improved and upon which the bids are to be received tonight. If there are enough members of council present, it is more than likely that the contracts will be let. Meadow avenue is to be graded and paved from First street to Fourth street, First street from McKean to Fallowfield avenue and Eighth street from McKean avenue to the railroad.

## BETTER MAKES THINGS LOOK BAD FOR TOLACEK

Missive to Man Under Arrest From  
Friend in Maryland Penitentiary  
Makes Police More Suspicious—  
Formal Charge is Lodged.

The translation of a letter written by a friend now serving a term in the Maryland penitentiary at Baltimore, Md., or such incidental pastimes as safe cracking and general burglary, has led the police to regard John Tolacek, arrested Monday morning, with all the more suspicion. The letter was found on his person. Tolacek was arrested because of his suspicious actions during the fire at the Wayne home on McKean avenue and later from \$75 to \$100 worth of stamps were discovered in his possession. Information has been lodged against him before Justice of the Peace E. E. Rice by Constable F. W. Jones, charging carrying concealed weapons and he will be given a hearing tonight. The idea in this is to hold him until more of his case is learned.

The letter to Tolacek was from Frank W. Kulak, who formerly lived in Charleroi and was written in the Slovak language. Among other things Kulak remarked gaily that at last they had caught him, but that he had got off with a sentence to

## FIFTH STREET SCHOOL EXPOSITION IS HELD

"We Are For Peace" is Insignia That Greets Visitors—  
Peace Propaganda Advanced in Decorations  
Throughout the Building

"We are for Peace." This is the striking insignia that suspended on canvas in the hallway near the entrance of the Fifth street school building greeted visitors Monday afternoon and evening on the first day of the school exposition being held this week by the various schools. Carrying out the general scheme for furtherance of the sentiment for patriotism and peace, a rather tiny Uncle Sam sat to the right of the hallway and on the opposite side a dignified Columbia occupied a place of honor. Then throughout the rooms patriotic decorations that were decorations of peace prevailed.

Streams of visitors coursed through the doors of the various Fifth street rooms Monday afternoon and evening and were further attracted by sweet strains of music rendered by juvenile musicians under direction of Prof. I. T. Daniel. A celebration of pupils took place Monday morning, when pupils were grouped in the hallway to sing patriotic songs. The work in the rooms was that

which has been done during the past weeks and months by the various pupils. Things that proud parents never would have thought of accomplishing in their school days were displayed in the general grouping. In one room where there was one of the very best showing of work, to the highest grade the varieties of work displayed and the artistic skill demonstrated in preparation, in one word, was gorgeous. Never was there a better school display on any visitors' day. In one room accomplishments of pupils from various grades in music was demonstrated by displays, but lack of space prevents description. In other rooms other departments were featured, all to the best advantage. Girls from each room attended to the registration of visitors.

The same plan of entertainment will be followed at the other schools of this week, and the displays will follow the same order. Today the Ninth street school is having its display and tomorrow will be Second street day.

### COURT DIRECTS THAT YOUTH BE RETURNED

Upon petition of Lot Smiley of Fallowfield township a writ of habeas corpus was issued by the court Monday directed to the workhouse authorities directing the production in court forthwith of William Smiley, who is serving a six months sentence on an assault charge. It was set forth in the petition that the young man, who is 22 years of age, was feeble minded and that it had been suggested by the poor board that he be turned over to them and confined in the county home or some other suitable place or insane. The young man will be brought back to this county and committed to the care of the poor authorities.

Elects Vestrymen, Adding  
Five New Names

### MUCH ACTIVITY IS SHOWN

The annual business meeting of St. Mary's Episcopal church was held at the church Monday evening, R. A. Roberts acting as chairman of the meeting. Eason, Andrew S. Murray, George A. Stearns, Charles D. Bromwich and J. B. G. Roberts. The other members of the vestry continuing from last year are: T. L. Daly, senior warden; R. A. Combination Proposed for  
Highways, General Clean-  
up and Home Gardening

### MOVEMENT TO BE CONSIDERED

Business Men's Association May Formally Take Up Matter of Observation at Meeting Within Few Days—Sentiment Seems Favorable.

That May 26, Good Roads Day, be observed in part here as a clean-up day is the suggestion that will likely be presented at the meeting of the Business Men's association within the next few days. Among those with whom the idea has been discussed, much favorable sentiment has been found. Together with the clean-up, observance and Good Roads day work is likewise being suggested the carrying out of a home gardening plan as planned by members of the Child Welfare Circle. In the triple arrangement, not only all men, but every woman and child could help.

There are comparatively few roads in this immediate section that demand immediate attention though some of them for short stretches are woefully out of repair. But there is need of a general cleaning up and improvement throughout the town.

The Child Welfare Circle is working on the home gardening movement, and fostering sentiment in its favor. Governing bodies of the town and school district are being approached and their influence and co-operation sought. The home gardening movement, it is suggested could best be carried on with the clean-up movement and Good Roads day movement with endless benefit to the entire community and in addition, give every person an opportunity to help.

## HINTS TO VACATIONISTS.

It will not be long until vaca-  
tion time is here, and State Commis-  
sioner of Health Dixon is sending out a few  
hints. He has some things to say  
that apply to people at home about  
as well as to vacationists, and gives  
the following good advice:

Nature's siren song is calling the  
city dweller. It lures to mountains,  
meadow, lake or camp. The call is  
universal and all who are free have  
been to answer.

In selecting a place for a summer  
home or a brief vacation it is well to  
observe a few basic precautions and  
avoid incurring illness which may  
result seriously.

There are thousands of resorts, cot-  
tages and camps where the defects in  
sanitation present a genuine menace.  
Certain things should be carefully ob-  
served.

The water supply.

The disposal of sewage and waste-  
water.

The milk supply, particularly if  
there are infants or young children.

If the water supply comes from a  
well, be sure that it is not located  
where it will receive underground or  
surface drainage from a barn-yard or  
outhouse. It is essential to boil wa-  
ter taken from surface streams.

Clearness is no guarantee of purity.

If springs are the source of supply  
care should be taken that they are  
not surrounded by habitations of other  
sources of pollution. In small vil-  
lages or shore places if the water  
supplies are public, diligent inquiry  
should be made as to whether the  
source is free from sewage contami-  
nation. If the disposal of sewage  
and garbage is careless, flies are cer-  
tain to breed, and unless kitchens and  
dining rooms are carefully screened  
there is the possibility of typhoid or  
dysentery infection from this source.

With young children, particularly  
infants, the question of a clean milk  
supply is one of vital importance.

Fresh milk is of little or no advan-  
tage unless it be clean milk.

Mosquitoes also may prove a pesti-  
ferous nuisance. There is the possi-  
bility of malarial infection in regions  
where they abound.

## Woman Should Take Warning

If the statement made at a New York Assembly of women, that healthy American women are so rare that they are almost extinct, is true it is time for the women of America to take warning and look to their health. ## UNION CITY VICTIM REGAINED HEALTH

Mr. Martinan Finds Good Health After Using Wonderful Remedy.

C. Martinan, of 42 Graves street, Union City, Pa., after long suffering from ailments of the stomach and the digestive tract, took Mayr's Wonderful Remedy with the most remarkable results.

The suffering of years was ended with the first dose.

Mr. Martinan's experience is told in a letter—written a year after taking the remedy, thus proving the permanent nature of the benefits. He wrote:

"It has been a year since I took your treatment, which I am sure did me a great amount of good. My health at present is good, thanks to your wonderful remedy. I will always recommend it to my friends."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

## Lime Treatment in Tuberculosis

In the May 25, 1912, issue of the Journal of the American Medical Association appeared this statement concerning calcium (lime) medication in the treatment of pulmonary tuberculosis (consumption):

"Under the systematic, continued and persistent regime of calcium assimilation, Van Ciceca has seen a number of his patients improve, under an examination or partial consolidation in the lung, which then solving would appear to contribute to the walling off and closing of the lesion. Had it been with this course of events, the aspirum cleare up of tubercle bacilli, which finally disappear, and the patients are discharged with healed pulmonary tuberculosis."

Ethical medical journals seldom speak so positively about a remedial agent, yet this testimony coincides with that from many consumptives who have gained health and strength through the use of Beckman's Alkaline. Since calcium is a constituent of this remedy for pulmonary tuberculosis and allied throat and bronchial infections, its healing power may in some measure be attributed to the manner in which this element is so combined with other ingredients as to be easily assimilated by the average person, and it does not irritate the stomach.

Beckman's Alkaline contains no opiates, narcotics or habit-forming drugs, so it is safe to try. If your druggist is out of it, ask him to order, or send direct to Beckman Laboratory, Philadelphia.
